

Qualifying Round Draw 15th UEFA European Women's Under-19 Championship 2015/16

DRAW PROCEDURE

19 November 2014, Nyon, Switzerland

An overview of the competition structure and draw procedure for the qualifying round of the 2015/16 UEFA European Women's Under-19 Championship is given below.

COMPETITION SYSTEM

Forty-seven member associations will take part in the competition. Forty-four teams will start in the qualifying round and the two top-seeded teams, England and Spain, will join in the elite round. The host association of the final tournament – Slovakia – qualifies automatically for the final tournament.

COEFFICIENT RANKING LIST

A coefficient ranking list has been established for the qualifying round draw according to the following principles:

- Seasons taken into account: 2011/12, 2012/13 and 2013/14.
 - All qualifying round matches (qualifying and elite rounds) have been taken into consideration to calculate the coefficients.
- Win = 3 points; draw = 1 point; defeat = 0 points.
- For those associations which hosted a final tournament in the 2011/12 (Turkey), 2012/13 (Wales) and 2013/14 (Norway) seasons and, consequently, qualified directly for the final tournament in question, the coefficient from the qualifying rounds for the 2010/11 season has been taken into account.
- The following bonus points have been awarded: (maximum 9 bonus points)
 - automatic qualification for the elite round = 3 points
 - qualification from the qualifying to the elite round = 3 points
 - qualification from the elite round to the final tournament = 3 points
 - competition winner = 3 points
 - 2011/12 = Sweden
 - 2012/13 = France
 - 2013/14 = Netherlands
 - competition runners-up = 2 points
 - 2011/12 = Spain
 - 2012/13 = England
 - 2013/14 = Spain

- competition semi-finalists = 1 point
 - o 2011/12 = Portugal and Denmark
 - o 2012/13 = Germany and Finland
 - o 2013/14 = Norway and Republic of Ireland
- For those associations which hosted a final tournament bonus points for reaching the last phase of the final tournament (see above: semi-finalists, runners-up, winners) will be awarded in the season they hosted and added to the points earned in the qualifying rounds of the season 2010/11.
- The coefficient for each season has been calculated by taking the number of points obtained (including bonus points) and dividing it by the number of matches.
- The three annual coefficients have then been added together to produce the overall coefficient used for the ranking list.
- Associations with the same overall coefficient have been separated according to the following criteria:
 - 1) Higher number of matches.
 - 2) Higher coefficient from the most recent season, i.e. 2013/14 season.
 - 3) Higher coefficient from the next most recent season, i.e. 2012/13 season.
 - 4) Higher coefficient from the next most recent season, i.e. 2011/12 season.
 - 5) Superior goal difference from the most recent season, i.e. 2013/14 season.

DRAW PROCEDURE

The 44 associations will be split into 4 pots, as follows:

Pot A (blue balls)

Associations ranked from 3 to 13 (11 teams)

Pot B (green balls)

Associations ranked from 14 to 24 (11 teams)

Pot C (purple balls)

Associations ranked from 25 to 35 (11 teams)

Pot D (red balls)

Associations ranked from 36 to 46 (11 teams)

The 44 associations will be drawn into 11 groups of 4 teams according to the following procedure:

The draw starts with Pot D and ends with Pot A in order to ensure that the strongest teams are drawn last. Each pot is entirely emptied before proceeding to the next pot.

- A ball will first be drawn from Pot D to determine the team in the fourth position of Group 1. Then, a second ball will be drawn from Pot D to determine the team in the fourth position of Group 2. A third ball will be drawn from Pot D to determine the team in the fourth position of Group 3. The same procedure is repeated until the fourth position of Group 11 is filled.
- Then, the 11 teams in Pot C are drawn into the third position of each group, starting with Group 1 and ending with Group 11 (in numerical order).

- The same procedure applies to Pots B to A taking into consideration the respective positions within the respective groups.

Twenty-two teams will qualify from the qualifying round to the elite round, i.e. the eleven group winners and the eleven group runners-up.

GROUP FORMATION FOR THE ELITE ROUND

A draw will take place to form the six groups of four teams. The definitive draw procedure will be communicated to the associations concerned on completion of the qualifying round.

The six group winners and the best runner-up of the elite round will qualify for the final tournament.

DATES

The qualifying round will take place from 15th to 20th September 2015 (tbc).

The elite round will take place from 5th to 10th April 2016 (tbc).

The final tournament will be staged in Slovakia, in July 2016 (dates tbc).

SPECIAL CASES

Based on previous decisions of the UEFA Executive Committee and the UEFA Emergency Panel, Russia and Ukraine cannot be drawn into the same group.
