## COEFFICIENT RANKING SYSTEM

### Reference period

The elite round coefficient ranking list is established for the elite round draw on the basis of the associations' results in the qualifying round of the current competition.

### Match points

Points are awarded for each match played in the qualifying round.

Points are awarded as follows: 3 points for a win; 1 point for a draw; 0 points for a defeat.

### Coefficient calculation

Each association's elite round coefficient is calculated by adding up the points obtained in the qualifying round, then dividing the total by the number of matches played.

If two or more associations have an equal elite round coefficient, the following criteria are applied, in the order given, to determine their final rankings:

- a) better goal difference;
- b) higher number of goals scored;
- c) lower disciplinary points total based only on yellow and red cards received in the qualifying round (red card = 3 points, yellow card = 1 point, expulsion for two yellow cards in one match = 3 points);
- d) higher position in the qualifying round coefficient ranking list;
- e) drawing of lots.

## DRAW PROCEDURE

The 28 associations will be drawn into 7 groups of 4 teams, as follows:

### **Pot A (green balls)**

Associations ranked 1 to 7

### **Pot B (blue balls)**

Associations ranked 8 to 14

### **Pot C (yellow balls)**

Associations ranked 15 to 21

### **Pot D (red balls)**

Associations ranked 22 to 28

The draw will start with Pot D and end with Pot A. Each pot will be emptied before proceeding to the next pot.

#### *First draw phase*

- The teams in Pot D will be drawn one after another and each one placed in the **fourth** position in Groups 1 to 7, in numerical order.

#### *Second draw phase*

- The teams in Pot C will be drawn one after another and each one placed in the **third** position in Groups 1 to 7, in numerical order.

#### *Third draw phase*

- The teams in Pot B will be drawn one after another and each one placed in the **second** position in Groups 1 to 7, in numerical order.

#### *Fourth draw phase*

- The teams in Pot A will be drawn one after another and each one placed in the **first** position in Groups 1 to 7, in numerical order.

On the basis of previous decisions taken by the UEFA Executive Committee and the UEFA Emergency Panel, the following countries cannot be drawn into the same group: Russia and Ukraine.

For both competitions, the teams will be allocated to groups in numerical order in such a way as to ensure that no winners and runners-up from the same qualifying group meet each other in the elite round. If clashes arise, the team drawn will be moved to the next available group in numerical order. The draw continues by first filling the slot left vacant. If clashes could arise in the last groups, the teams will be drawn and allocated to the groups in accordance with the draw conditions.

There is no protection with regard to teams that finished third in their qualifying groups.

## MATCH DATES

### **Women's Under-17**

The elite round matches must be completed by 29 March 2020.

### **Women's Under-19**

The elite round matches must be played during the FIFA women's international match period in April:

- 6 to 14 April 2020 (matchdays: 7, 10 and 13 April or 8, 11 and 14 April).

Note that clubs are only obliged to release players called up for the A national team on the first day of the international window. If the teams of a group cannot agree on the match dates, the host association decides on one of the options within an international window mentioned above.

## QUALIFICATION FOR THE FINAL TOURNAMENT

The seven group winners will qualify for the final tournaments, which will take place as follows:
